Friends Song

ESL/EFL Vocabulary Warm Up

Phrases used in this song:

Walk with me
Sit with me
Eat with me
Play with me
Read with me
Watch with me

Singing in a group:

This is a call and response song, so it is really easy to sing along. Challenge your kids to follow the dance moves. Once you and your kids are familiar with the song, you can easily make up your own verses by adding more actions. Remember to add new dance moves, too! Because of the rhythm of the song, choosing one-syllable verbs is the easiest (e.g write, clap, jump, work, dance, draw, run, hop, drink, etc).
