

Teaching Tips

Summer Song

ESL/EFL Vocabulary Warm Up

Useful vocabulary to talk about the video:

This song is perfect for kids to explore 8 different summer verbs: swim, bike, surf, hike, read, camp, play, and dance.

Summer brainstorming session:

Together you and your kids can do a big brainstorming session on what they like to do during the summer. Use the board to write down every idea or "verb". This is a great way to start to introduce verbs and parts of speech.
